

## SUSTAINABILITY. RESPONSIBILITY.

At Hilton Tucson El Conquistador Golf & Tennis Resort, we are committed to providing for the needs of the present without compromising the ability of future generations to meet their needs.

Our ongoing sustainability strategy is about understanding our impact on our environment while enhancing the lives of our guests, employees and our local community.

- Low voltage light fixtures that allow compact fluorescents are in all guest rooms
- Recycle old fluorescent bulbs to ensure the mercury is not dumped in landfills
- Low flow showerheads and commodes throughout property
- Changing all guest room thermostats to motion and heat sensing models
- Designated recycle bags/receptacle in every guest room for recyclable materials
- All green waste is kept separate in a designated dumpster
- Composting of fruits, vegetable, grass cuttings and manure
- Maintain herb and vegetable garden
- Donate cooking oil and grease for use as bio-diesel fuel
- Unused food is donated weekly to a charity designated by the community food bank
- All chemicals used to wash ware (dishes, utensils, glasses, etc.) are certified Bronze and Silver classifications granted by Green Seal
- Recycling of all office paper and all cardboard
- Recycle bins available in public areas throughout the resort
- Paint no longer used by the resort is donated to charities for use
- Frequency drive motors on condenser pumps and chillers to reduce electricity usage
- Recycling of tennis ball cans during tournaments - up to 480 cans per event
- Donate used tennis balls to schools, care facilities and other entities who can use them
- Irrigation and ground lighting all on timers
- Implemented tennis court reservation policy at night to save electricity
- Installed affluent water system for the two 18 hole golf courses
- Converted back of the house lighting from standard fluorescents to T8 style fixtures
- All public area quartz lighting fixtures converted to accommodate compact fluorescent bulbs
- Low energy LED bulbs in a majority of the convention space areas.
- Use of electronic communication systems (LCD TV screens) vs. bulletin boards for associate notifications and information.
